

Nabil Basri Hamdaoui

About me

Passionate about 3D design and software development, my goal is to contribute to projects that integrate design and software development.

Personal

Nabil Basri Hamdaoui
Nationality: Spanish
Date of birth: 2003

Areas of Expertise

Application Development
3D Design
Databases

DEGREES

2023–2025

Higher Vocational Training, Computer Science

IES LAS ESPEÑETAS · Orihuela 📍

Training in software and cross-platform application development, with experience in creating scalable and efficient technological solutions. Specialized in database management and optimization, consumption of REST APIs, and the use of agile methodologies for project planning and execution.

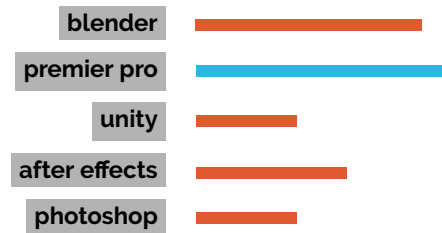

2021–2023

Higher Vocational Training, Graphic Arts

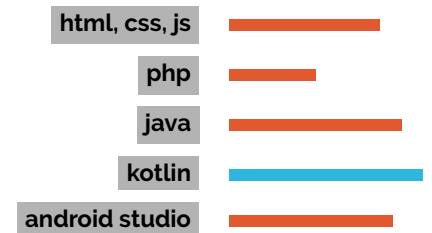

IES PACO RUIZ · Bigastro 📍

I developed practical skills in 3D modeling, animation, and interactive environment design, excelling in the creation of attractive and functional visual experiences. This training strengthened my creativity and my ability to tackle complex projects, working efficiently in teams and adapting to both technical and artistic challenges.

GRAPHIC ARTS

PROGRAMMING

ACHIEVEMENTS

2022 Third Prize – 24h d'Innovació
Barcelona, 3rd Edition 2022 ·
SCHOOL HUB
